Global Picture

Globally women make up just **30% of researchers**
in Science, Technology and Innovation

2017, <https://bangkok.unesco.org/content/10-facts-about-girls-and-women-stem-asia>

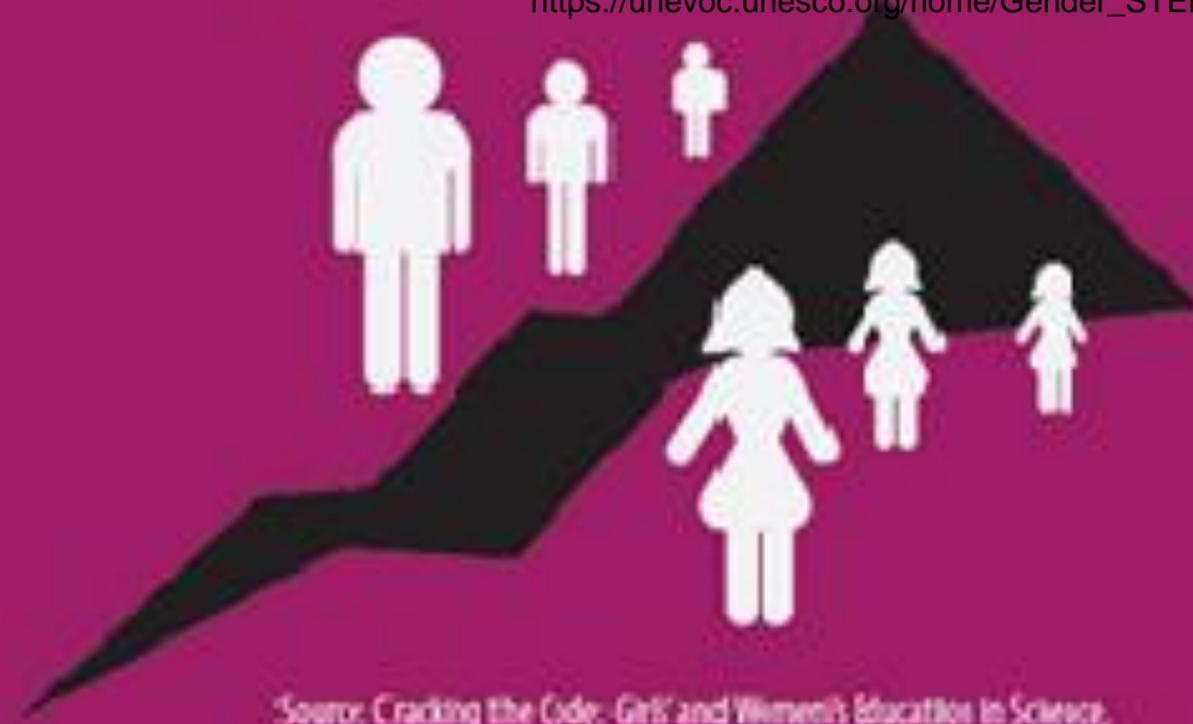

Gender gaps in **STEM education**

increase in higher education.

Female students represent only
35% of all students enrolled in
STEM-related fields of
study in higher education globally.

Source: Cracking the Code: Girls' and Women's Education in Science, Technology, Engineering and Mathematics (STEM), UNESCO 2017

By **2020, 98%** of STEM related
jobs will require ICT skills creating
1 million vacant posts because of a
lack of skilled
personnel.
